

Instructions for your presentation on May 2:

- Prepare a presentation (PowerPoint or similar- NOT A TEXT DOCUMENT!) for that day
- Keep in mind you will have only 10 minutes to present your project
- Include in the presentation:
  - Title of your project
  - Team composition
  - Main Goal
  - Datasets used (a description)
  - Methods utilized
  - Preliminary results (you have to have some by that day)
  - Conclusions and future
- If you are in a team, both members MUST talk
